Expectations for Remote Learning at home

All children are expected to behave as they would do if they were in school.

Our behaviour policy still stands regardless of whether children are remote learning or in school learning.

Joining an online lesson

Join your lessons on time. When you enter the lesson (Google Meet), make sure you are in a quiet place without distractions and that an adult is nearby. They do not need to be sitting with you during the lesson.

Mute your microphone! Camera on!

Please make sure you join the lesson (Google Meet) with your microphone muted. When your teacher tells you, you may unmute yourself to speak and then mute yourself again when asked. Please keep your camera on throughout the lesson. We need to be able to see you!

Use the Chat box appropriately

Do not use the Chat box to talk with your friends before or during the lesson. The Chat box is for you to ask your teacher for help or to give an answer during the lesson.

Be prepared

Come to any lessons (Google Meet) prepared. Your teacher will tell you what you need via the weekly timetable or when you are online together. Make sure you are paying attention during the live session so you are aware of the task you will need to complete.

Asking questions

Your teacher will want you to ask questions during the lesson just like you would usually do in school. If you have any questions during a live lesson, click on **raise your hand** and your teacher will know that you want to speak. Make sure any questions are linked to the learning. You may not get chosen every time. Remember there are 30 children in the lesson. Your teacher will make sure everyone gets the chance to ask a question over the course of each week.

Your teacher might ask you to type your question in the chat box, but you should only ever do this when you have been told to do so. Names of children who misuse the chat function will be given to Mr. Molyneux and parents will be called.
